

Dialogue Projects in Europe (well, some)

EU:

Virtual Co-Driver (VICO): Bosch, University of Southern Denmark, DaimlerChrysler, IRST, Teleatlas

Natural Intuitive Communication for Edutainment (NICE): University of Southern Denmark, Philips, Telia, LiquidMedia, LIMSI (Gesture)

--> will produce database of adolescents, but: Publicly available??

Germany:

Dialogue Projects in US (well, at least DARPA)

Communicator

produced data collections and evaluations, responsible now CMU (Alex Rudnicky), and AT&T (Marilyn Walker)

Program is ending Oct 2002

NO immediate follow-up

more application-oriented program 'Symphony' may be pitched for start in mid-2003

Related activities ROAR (Robust Speech) and Babylon (Speech2Speech translation)
